Rep. Toni Boucher Representing Connecticut at White House Conference

(WASHINGTON, DC) – Connecticut State Representative Toni Boucher has been selected to serve as a Delegate to the White House Conference on Aging in Washington, DC in December.

Boucher, a member of the National Foundation for Women Legislators' (NFWL) Task Force on Aging, will represent Connecticut at the Conference to address issues that the nation's current and future elderly population will face.

"I am proud of the leadership and initiative Representative Boucher is taking to find solutions for so many of the issues that America's older generations face every day," said Robin Read, NFWL President & CEO. "She understands how important it is to care for and revere our nation's seniors."

The White House Conference on Aging occurs once a decade to make aging policy recommendations to the President and Congress, and to assist the public and private sectors in promoting dignity, health, independence, and economic security of current and future generations of older persons.

Boucher will tackle issues affecting seniors such as employment, assisted living facilities, healthcare costs, and access to care.
